MAKING PLANS—A happy George Litton, left, head football coach at Gardner-Webb, makes plans for his team to play in the first Fentley Bowl with bowl officials Bob Smallwood, center, and his brother, Bill Smallwood.

Bulldogs Accept New Bowl Bid

Gardner-Webb's gridironers leaped to prominence with a bid to play in the first annual Fentley Bowl in Gainesville, Ga., Dec. 8.

They were picked by bowl officials to compete against the powerful Stephen F. Austin University team of Nacogdoches, Texas, in the new event, officially sanctioned by the National Association of Intercollegiate Athletics.

As this issue was prepared, the excited Bulldogs and their head coach, George Litton, were enthusiastically ready to represent the college and the Southeast as host team in the bowl, to be played in the 10,000-seat City Stadium. The college family, students, Bulldog Club members and other fans arranged bus trips and our goals for the game.

The Bulldogs closed their season with a 22-20 win over Wakeford College and a 22-20 win over Lenoir Rhyne College, for a 7-4 win-loss record. Bob Smallwood, executive director of the bowl, said these two wins within six days brought the Bulldogs to the attention of the selection committee.

Coach Litton said that his team voted without one dissent to accept the bowl bid. The season began practice immediately for the game, close to home for six Bulldog players who live in the greater Atlanta area.

The Stephen F. Austin team was rated the game favorite, winning seven of its last eight games for an 8-5 season. This college has an enrollment of 10,257 students, as compared to GWC's 1,337, and it is a perennial power in all NAIA sports.

Eddie Holbrook, GWC athletic director, said the Bulldogs didn't need being considered the underdogs, however.

"The forecasters have been wrong about us all season," he quipped.

For most fans, the bowl bid marked the "coming of age" for the Bulldog football program in senior college status.

Peace On Earth

May the miracle of Christmas touch your hearts with joy, and bring peace on earth, good will to men throughout the world. Amen.

A Tribute To Those Who Serve Gardner-Webb

No institution can be stronger than the boards which guide and direct the operation of the college. These men and women give unselfishly, without pay, of their time, talents, and material means and most of all, their prayers.

Gardner-Webb College is no exception. The three boards, Trustees, Advisors and Ministerial Associates, truly give to assure the future of the college. There is no way to measure materially the amount of time given by these boards who have helped make Gardner-Webb what it is today.

State Convention of North Carolina. The trustees are responsible for the direction of the school and must approve all major changes in policy. They are elected annually on a rotating basis.

The trustees are responsible for the general oversight and control of the college, leaving the executive function to the president. It is the responsibility of the Board of Trustees to approve or disapprove the recommendations submitted by the president.

BOARD OF ADVISORS

The Board of Advisors is made up of 77 men and women who have shown a real interest in the college and who have advocated by their actions they want to work toward

making Gardner-Webb one of the finest schools of its kind in the country.

The purpose of the Board of Advisors is to aid the present and future progress of the college by advising with the president and trustees and other administrative officials.

MINISTERIAL BOARD

The Ministerial Board of Associates serves as a liaison group between the college and the churches. Its function is to help build better relations between the college and the churches. The board also may make recommendations to the board of trustees through the president. There are 198 members of the Ministerial Board of Associates.

BOARD OF TRUSTEES

The Board of Trustees is composed of 59 men and women elected by the Baptist

Decker Heads Parents Association

New officers of the Gardner-Webb College Parents Association have been installed. The association elected Robert L. Decker of Shelby as the new president.

The new vice president is James Cherry of Gastonia, and the new secretary-treasurer is Mrs. Carolyn Patmore of Shelby.

Membership of the organization is limited to parents of present and former students who have attended the college within the past four years and all former parents, guardians or sponsors who are contributors to the parents fund or are participating in some phase of college activities.

The purpose of the organization is to provide a means whereby parents of present and former students can maintain closer relationship with the college and with other parents. The organization will also help plan and coordinate the annual Parents Day each year.

"We hope to provide a direct channel of communication between parents and Gardner-Webb," said Decker. "We hope this year to

organize parents by districts to give them an opportunity to tell the Gardner-Webb story to interested people in their area."

Convention Gift

Thirty-six churches of the Ebenezer Baptist Sunday School Convention of Cleveland and Gaston Counties in North Carolina and Cherokee County in South Carolina have given Gardner-Webb College a check for \$800 to be used for student aid.

U. S. Hamilton of Boiling Springs, who has just retired after serving 14 years as president of the convention, made the presentation of the check.

"We think so much of Gardner-Webb and what the college is doing in this area that we felt we wanted to do something to help," said Hamilton. "For years the college has made a great contribution to the area in Christian education. We know that this is not much, but it shows our concern for students and the college."

Time To Take Stock ... And Give Stock!

Most of us agree that December is the best month for giving gifts. Apparently we feel that the end of the year is a good time to take stock of our financial position . . . and perhaps give stock.

There are several reasons for giving contributions in December:

- Now's the time. After Dec. 31, it's too late to review your 1973 tax liability.
- Congress is considering sweeping changes to the tax laws, and there may be better tax advantages to giving in 1973 than in 1974.
- The end of the year gives you the best assessment of your tax situation. From an accounting view, December gifts can help you:
 - Keep out of a higher tax bracket.
 - Avoid excessive capital gains taxes.
 - Balance uneven income in two adjacent years.
 - Anticipate lower income for next year.
- The charitable contribution deduction is the easiest deduction to take at a specific time, because the timing is entirely within your control.

Won't you send a gift to Gardner-Webb's Annual Fund today? Use the coupon below:

☐ Yes, I want to help provide the heat, lights, water and all the other necessities for a greater Gardner-Webb.

Student Writes Theme Song

Many people shy away from becoming involved with problems of other people. Danny Cook of Boone does not shy away and for his efforts is receiving national recognition.

Cook, a freshman at Gardner-Webb College, has been saddened by the heartbreak that birth defects bring to a family since his elementary school days when he first became aware of the problem. As a sixth grader Cook became involved with the March of Dimes and since then has become a youth leader in the organization.

During his junior and senior years in high school he served as the Blue Ridge council chairman for six counties in Western North Carolina. The summer of 1973 he was appointed as the Western North Carolina chairman over the March of Dimes' Teen Action Program (TAP) and College Action Program (CAP).

As the Western North Carolina youth chairman, Cook attended the March of Dimes Convention in Boulder, Colorado, this past summer where the trend to his national recognition began. While at the convention, he and Tammy Martin, a delegate from Louisiana, sang a song which he had written about Kathy Garver, the national youth chairman, for the March of Dimes.

Miss Garver, better known as Sunny on the television program, Family Affair, had served the organization for six years. Cook composed the song in two days. He was asked to write another song.

Recently the organization adopted a new youth symbol. It was felt by the national leaders that a theme song was needed to amplify the meaning of the March of Dimes symbol. Cook was contacted by Mrs. Louise Hay, the director of youth activities for the national foundation, to compose a theme song for the national organization.

Cook wrote "Moving Mountains" which has been adopted nationally as the March of Dimes youth theme song.

Cook has many responsibilities in the National organization. He helps coordinate youth programs for the state. He makes appearances throughout the state speaking to civic organizations and school on the role of the March of Dimes.

Despite a heavy academic load at Gardner-Webb, Cook wants to work with high schools in the area and let them know about the March of Dimes. He also hopes to hold a symposium on the March of Dimes at Gardner-Webb.

"Despite a heavy academic load at Gardner-Webb, Cook wants to work with high schools in the area and let them know about the March of Dimes. He also hopes to hold a symposium on the March of Dimes at Gardner-Webb."

"The March of Dimes is an educational and fund raising organization that works to combat birth defects," said Cook. "The March of Dimes serves the public by providing funds for research, offers medical services, provides professional education and public health education and offers valuable community services. Now the goals has almost been eliminated the effects of the organization are aimed toward birth defects."

"After seeing kids mentally and physically defective and seeing what the March of Dimes was doing to combat this I wanted to become more involved. The more I saw the more I wanted to do. I hope to make these problems the center of my life's work."
